Parent Engagement Corner

Parents,

We are almost at the end of 2020. What a year it has been! As you enter a new year, consider setting a goal to increase your parent engagement. You can increase your engagement by giving input on surveys, participating in decisions relating to the education of your child, attending a parent workshop aimed at increasing student achievement, working with the school leadership to conduct workshops for staff and other parents and regularly communicating with your child's teacher(s).

As always, please feel free to contact me any time if you need support or information on how to improve your child's academic performance in school. You can reach me at 770-229-3739 or holly.brown@gscs.org.

Did You Miss...?

In November, we held the **LEADING WITH LITERACY** parent workshop. We discussed how to use literacy to help meet the school goals listed in the School-Parent Compact, how to make literacy relevant to your child, literacy strategies to help your child, fall parent survey results, ways parents can be engaged, how to monitor your children's progress and how to work with educators to improve student performance. Parents were given an opportunity to give input on the use of parent engagement funds and staff training topics.

We partnered with **Flint River Regional Library** to provide resources to families.

If you missed the workshop but would like the information presented, please visit our Parent Engagement website at bit.ly/carverpe or contact me at holly.brown@gscs.org.
